ABOUT LASER AMMO

MAKING SHOOTERS BETTER

First and foremost, we are shooters.

Laser Ammo is the worldwide leader in laser-based firearms and force on force training. With R&D in Israel, and sales offices in both the USA and Europe, we are able to offer our training solutions to: military units, federal and regional law enforcement agencies, NRA instructors, security personnel, and tens of thousands of responsible firearm enthusiasts worldwide.

Laser Ammo is owned and operated by current and former Israeli and US law enforcement and military professionals who are dedicated to providing innovative training solutions at an affordable price for shooters of every level.

Our product philosophy is simple: provide affordable, high-quality products, that will allow any shooter to train anytime anywhere!

Our technical team works tirelessly to bring our customers the most advanced training technology and highest quality available with one singular goal: Making Shooters Better!

Through our expansive product line, including the SureStrike™ class 1 “eye safe” laser training cartridges, electronic targets, Smokeless Range® shooting simulators, CQB in a Box and Shot Body System wearable sensors, our customers can create a custom training regimen that fits their specific goals and needs, fitting any budget, while bringing the range right into their very own home, work, or classroom.

That’s who we’re working for; this is what we do:

- We will always feature the newest and most advanced technology.
- We will always provide the best value while maintaining the highest quality.
- We are here to listen, guide, and assist you in every way we can.
- We look to inspire and be inspired by our customers.
- We will stand behind our products with a money-back guarantee.

SMOKELESS RANGE® 2.0

SIMULATOR TRAINING EVOLVED

NEW
FOR
2023

SCAN ME

The Smokeless Range® is a dynamic and always evolving software. We are working hard to keep the simulator in the forefront of the Simulator industry, releasing new add-ons, making regular free updates, listening to our customers wishes, and making sure we are providing the best training experience.

New for 2023:

- **Smokeless Range® 2.0:** Going into 2023 the Smokeless Range® will have the ability to display languages including: Spanish, French, German, Portuguese and many more.
- **Open Range 2.0:** for 2023, Open range will receive a big update with key new features geared towards the sport shooter.
- **Tactical Targets:** Was recently updated with an additional 5 drills (for a total of 10 drills) with more tactical locations and movement coupled with the ability to set the number of shots to take down a target.
- **Game Range Alpha 2.0:** Recently received an additional 5 games bringing it to a total of 10 games for your enjoyment.
- **VST Pro 2.0:** The new VST Control Station was released, enhancing the overall functionality and training experience, giving the operators more control and options for use. This release was also paired by the creation of new scenarios with multiple branching endings.

EASY AND QUICK

USE WITH ANY
OF OUR TRAINING
LASERS

RECOMMENDED
BY TRAINERS &
LEOS

AVAILABLE UPGRADE TO A SHORT THROW CAMERA

Using the simulator in a small space? Going between different locations? Attending trade shows?

For rooms below 10'x20' we recommend using the short throw camera (to be paired with a short throw projector).

CHOOSE THE RIGHT TRAINING FOR YOU

SMOKELESS RANGE® COMBO

SMOKELESS RANGE® 2.0 JUDGMENTAL & MARKSMANSHIP SIMULATOR

SKU: SR001 | SR001-ST

Smokeless Range® software includes 10 basic training drills that will make you and your household better shooters: Bomb Blast, Can Toss, Dueling Tree, Match Target Drill, Moving Target Drill, Speed Drill, Target Shooting, Tracking Drill, Trap Shooting.

This package also includes: standard throw camera (short throw upgrade available), mini tripod.

FIREARMS TRAINER SIMULATOR COMBO PACKAGE

SKU: FTSC | FTSC-ST

This package includes everything a firearms instructor needs: from basic target practice to use of force video scenarios for CCW. Endorsed and used by NRA and USSCA for SimCo course!

This package includes the Smokeless Range and 3 add-ons for one low price: Smokeless Range® 2.0 | Open Range 2.0 | Video Scenario Trainer Pro 2.0 | Video Scenario Control Station | Hardware: standard throw camera (short throw upgrade available) and mini tripod.

THE COMPETITOR COMBO

SKU: TCC001 | TCC001-ST

Every competition shooter's dream!!!! Build your own competition course with the Open Range or train and compete with friends for your next USPSA / IPSC or Steel Challenge competition.

This package includes the Smokeless Range and 3 add-ons for one low price: Smokeless Range® 2.0 | Open Range 2.0 | IPSC Challenge | Steel Challenge | Hardware: standard throw camera (short throw upgrade available) and mini tripod.

DIAMOND SMOKELESS RANGE® SIMULATOR COMBO PACKAGE

SKU: DSCP002 | DSCP002-ST

The ultimate simulator package, now at a discounted price!
Built for Law Enforcement, firearm trainers, security companies, competitive shooters, and entertainment use.

This package includes the Smokeless Range and 9 add-ons for one low price: Smokeless Range® 2.0 | Open Range 2.0 | M-Range 2.0 | Video Scenario Trainer Pro 2.0 + Control Station | IPSC Challenge | Steel Challenge | Fast Draw | Western Shooter | Game Range Alpha | Hardware: standard throw camera (short throw upgrade available) and mini tripod.

EXPAND YOUR SMOKELESS RANGE WITH

GREAT ADD ONS!

VST PRO 2.0

SKU: VST-P | VST-P-CS

Favorite amongst firearms trainers. Includes wide array of scenarios and an editor that allows you to create your own videos to practice situational awareness. An optional Control Station add on allows trainer to easily control each scenario and its outcome.

OPEN RANGE 2.0

SKU: OR001

Create & design your own training courses with endless possibilities. Modify any of our pre-made courses or create your own using custom targets. Share your custom courses with friends and others.

M-RANGE 2.0

SKU: MR001

The new generation M Range will allow the trainer to build qualification courses with turning targets in no time at all. The M Range supports up to 4 shooters at once. A new media manager now gives the ability for 2 targets per lane.

IPSC CHALLENGE

SKU: CSIP002

Train for your next IPSC competition with the next generation of high end graphics. Includes 10 different courses, leaderboard and more.

STEEL CHALLENGE

SKU: CSSC001

Steel Challenge brings this ever popular competition into your own home, allowing you to train for your upcoming match. Run through a variety of courses and train on the same targets you'll encounter in competition.

TACTICAL TARGETS

SKU: TT001

With 10 courses of fire, Tactical Targets presents a series of randomized Shoot / No-Shoot targets to ensure training never gets old. Shooter can set the number of shots to know down the target.

WESTERN SHOOTER

SKU: WS001

Western Shooter brings you into the wild West, testing your dueling skills, target identification, speed, and much more in a variety of western themed training scenarios.

GAME RANGE ALPHA

SKU: GRA001

Bring a more recreational feel into your training while still working on the essentials. Countless hours of fun with the whole family training on the 10 included games.

HUNTERS PACKAGE

SKU: HP001

Includes the trio of running boars, small game and birds shooting. Practice realistic shooting. Reload after your shots and aim ahead of the target. Competition mode or just for fun, multiple settings and increased level.

I-MTTTS ARENA

INTERACTIVE MULTI-TARGET TRAINING SYSTEM

SCAN ME

The Interactive Multi-Target Training System (i-MTTTS) enables wireless communication between targets, allowing each of the i-MTTTS target to “communicate” with each other, engaging the shooter in a wide array of training modes including: standalone shooting, steel plate shooting, tactical training/chase the ball, shoot/no shoot, double speed shoot/no shoot, and double tap.

The i-MTTTS do not require the use of a computer or app, and simply runs on AAA batteries, which are included.

Each base unit also comes with 4 assorted targets, varying in both shape and size. These targets are designed to be used with a the SureStrike™ Laser Cartridges (in either red or IR) in the shooter’s own double action pistol, or one of Laser Ammo’s Advanced Laser Training Pistols/Recoil Enabled Training Guns.

The i-MTTTS System Controller is offered as a standalone unit or in a combo package. This wireless control unit allows the user to control their target system from a distance. A simple button will allow a shooter to switch between the different training programs, adjust the split time, total time, # of hits required on target, restart, delay time for the “start signal”, set training program length, set target sound, and light options, extend target range, define subgroups and so much more...

REACTIVE TARGETS

i-MTTS 1-Pack

SKU: I-MTTS-1

- 1 X interactive targets
- AAA batteries
- 4 target cards (3"-5")
- Six operational modes
- Buzzer (audio) and light feedback

i-MTTS 3-Pack

SKU: I-MTTS-3

- 3 X interactive targets
- AAA batteries
- 12 target cards (3"-5")
- Six operational modes
- Buzzer (audio) and light feedback

i-MTTS 5-Pack

SKU: I-MTTS-5

- 5 X interactive targets
- AAA batteries
- 20 target cards (3"-5")
- Six operational modes
- Buzzer (audio) and light feedback

System Controller

SKU: i-MTTS-C

- System Controller
- AAA batteries

SCAN ME

3 Pack i-MTTS and System Controller Combo

SKU: i-MTTS 3-1 Combo

- 3 X interactive targets
- System Controller
- AAA batteries
- 12 target cards (3"-5")
- Six operational modes
- Buzzer (audio) and light feedback

5 Pack i-MTTS and System Controller Combo

SKU: i-MTTS 5-1 Combo

- 5 X interactive targets
- System Controller
- AAA batteries
- 20 target cards (3"-5")
- Six operational modes
- Buzzer (audio) and light feedback

(*) i-MTTS targets will work with SureStrike™ Laser cartridges and Cool Fire lasers only.

LASERPET™ II

PERSONAL ELECTRONIC TARGET

The LaserPET II™ is a standalone laser activated reactive target that will dramatically enhance your shooting skills with immediate feedback with each shot.

The LaserPET II™ allows any level of shooter to practice response & draw time, accuracy, reloads and much more, with up to six interactive training programs helping the shooter to practice the five fundamental drills set by the NRA, by engaging a target anytime, anywhere.

The LaserPET II™ can keep track of hits, act as a shot timer and assist the shooter to speed up his or her follow-up shots and reload times. The LaserPET II™ gives the shooter instant audio and visual feedback when a hit occurs on the easy-to-read screen which displays number of shot and reaction times.

Perfect to use with the SureStrike™ Laser Cartridge to improve your skills and marksmanship with the shooter's own firearms. Precision shooters, long-range shooters and hunters can also practice their accuracy indoors and even in the shade outdoors.

The LaserPET II™ includes a set of five target cards for a changeable hit zone, tripod and AAA batteries.

LaserPET™ II Electronic Target

SKU: LA-PET II

- Six interactive training programs
- Shot timer for up to 6 hits
- Score display in split or elapsed time
- User defined settings for sound, delay, shot number and more
- Bright 4 digit numeric led display
- Flash and sound feedback for each shot
- Changeable hit zone size from 0.5" To 1.8"
- Battery power level indicator
- Micro USB charger (not included)
- Powered by 2x AAA batteries (included) or external
- For indoor & shaded outdoor use
- Compatible w/ red and IR SureStrike™ Lasers only*

THE COMPLETE TRAINING SYSTEM: TARGET AND LASER COMBO

LaserPET™ II WITH 9mm

SKU: LA-PETII-9MC | LA-PETII-9MC-IR

Available with
Italian 9x21 mm
cartridge
SKU: LA-PETII-9x21MC
SKU: LA-PETII-9x21MC-IR

Save money with this complete training system that includes the LaserPET™ II and 9mm or 9X21 laser cartridges (red or IR) for use with your carry gun. This package will improve both draw speed and marksmanship for shooters of all skill levels.

(*) LaserPET™ II will work with SureStrike™ Laser cartridges and Cool Fire lasers only.

RECOIL ENABLED TRAINING

TAKE THE DRY OUT OF THE DRYFIRE

Safe and Realistic Firearms Training – Anytime, Anywhere.

Take your training to a whole new level. Many shooters find recoil enabled training to be the most realistic way to maintain and perfect their shooting skills indoors, without a live range.

Force on force training is commonly used by the military and Law Enforcement and has become more popular among shooters due to its low cost, full blow back, and automatic reset of the firearm. The realistic look and feel of the firearm reinforces muscle memory and enhances safety skills of the shooter.

Using a recoil enabled pistol or rifle adds realism to training and is the best way to train for real life situations, with simulated sound and recoil.

Our Recoil Enabled Firearms are completely safe, and the training costs a fraction of what a day at the range with live ammo training would cost.

Pair one of the Recoil Enabled firearms with the Laser Ammo I-MTTS reactive targets or Smokeless Range® and take your shooting skills to a whole new level.

RECOIL ENABLED TRAINING PISTOLS

Glock 17 Gen 3, 4 and 5

SKU: RETP-UG17-C02 | RETP-UG17-IR-C02

SKU: RETP-UG17-GEN3-GG | RETP-UG17-GEN3-IR-GG

SKU: RETP-UG17-GEN5-GG / RETP-UG17-GEN5-IR-GG

Licensed by Glock, functionally identical to the real firearm, with familiar ergonomics, take down, metal slide, drop free magazine, realistic blowback action, and enhanced grip texture. Includes the REAL conversion barrel with SureStrike™ laser for the ultimate in dry-fire training. Available with red or IR SureStrike™ laser, and powered by either CO₂ or green gas.

SCAN ME

Glock 19

SKU: RETP-UG19-GG | RETP-UG19-IR-GG

This compact GLOCK 19 is functionally identical to the firearm that inspires it and is Glock authorized. Includes the familiar ergonomics, take down, metal slide, drop free magazine, realistic blowback action, enhanced grip texture, and our custom REAL conversion barrel with high quality SureStrike™ vibration laser (in either red or IR) for the ultimate dry fire training experience! Powered by green gas & spare mags available!

SCAN ME

FULL SIZE 1911

SKU: RETP-LA-1911GG | RETP-LA1911GG-IR

The classic 1911 pistol powered by green gas, and a full metal body. This gun comes with 2 magazines, a REAL conversion barrel and a red or IR laser. Best value for the money!

SCAN ME

Sig Sauer M17

SKU: RETP-SIGM17-GG-T | RETP-SIGM17-GG-IR-T

SKU: RETP-SIGM17-GG-B | RETP-SIGM17-GG-IR-B

SIG SAUER P320-based M17 is the US military's newest sidearm. This pistol has the same unparalleled look and feel as the U.S. military's M17. Optics ready slide, uses green gas, field strippable with similar balance and weight as the real M17, metal slide construction with full blow-back action.

SCAN ME

Sig P320 Carry / M18

SKU: RETP-SIGM18-GG-T | RETP-SIGM18-GG-IR-T

The Sig P320 Carry / M18 (Compact) Green Gas training gun is a replica of the same, popular P320 compact platform that was recently adopted by the US Military. This training gun provides excellent training potential with weight & balance that mimics the real deal, as well as being able to be field stripped when time to disassemble. Optics ready, metal slide construction, and removeable magazine add customization options.

SCAN ME

CZ SHADOW 2

SKU: RETP-CZS | RETP-CZS-IR

The flagship in the CZ family line of pistols. Designed by top tier competition shooters, well balanced and made for speed and precision. Powered by a CO₂ cartridge, with all the same great features of the real gun. Anodized aluminum slide with added weight for optimal recoil management resulting in more precise shots on target. Fiber optic front sight and adjustable rear sight. Delivers realistic recoil for optimal training.

SCAN ME

STI 2011

SKU: RETP-2011STI | RETP-2011STI-IR

Bring race gun familiarity into the world of laser based dryfire training. Used in John Wick 3, based on an STI 2011, this training gun has slide lightening cuts to improve the cyclic speed and reduce perceived recoil. Includes removeable magazine, undercut trigger guard, flared magwell, stainless steel guide rod and fiber optic front sight with adjustable target rear sight.

SCAN ME

RECOIL ENABLED TRAINING FIREARMS

FLASH [SKU: FLASHKIT](#) | [FLASHKIT-IR](#)

Flash rifle adapter converts most airsoft rifles into a recoil enabled laser training tool that is safe to use indoors.

Firing pin system for Laser Ammo FLASH adapter

[SKU: FLASH-P](#) / [FLASH-PCAP](#)

This patented firing pin system converts the FLASH from vibration activation to air pressure activation, and thus allow full recoil training without misfires and a longer battery life.

R.E.A.L. - Recoil Enabled Airsoft Laser

[SKU: REALKIT-UG17](#) | [REALKIT-UG17-IR](#)

[SKU: REALKIT-UG19](#) | [REALKIT-UG19-IR](#)

[SKU: REALKIT-CZS](#) | [REALKIT-CZS-IR](#) | [SKU: REALKIT-SIGM17-IR](#)

[SKU: REALKIT-SIGM17](#) | [SKU: REALKIT-ASGSTI](#) | [REALKIT-ASGSTI-IR](#)

Barrel conversion kit with laser for specific airsoft models. Converts airsoft gun into powerful recoil enabled training gun for indoor training. Kit includes red (visible) or infrared (invisible) Vibration Activated Laser Cartridge.

SPIDER

[SKU: SPIDERKIT](#) | [SPIDERKIT-IR](#)

The SPIDER KIT converts your airsoft or blank-conversion blowback pistols with picatinny rails into laser-emitting, full-blowback training guns. The SPIDER adapter houses the Laser Ammo SureStrike™ vibration cartridge, available in either red or IR.

SureStrike™ Vibration Laser Cartridge

[SKU: 9MVSSC-R](#) | [9MVSSC-R-780IR](#)

The SureStrike™ vibration activated laser cartridge uses the recoil from your training gun to emit a laser pulse with every shot.

Vibration Action Cap

[SKU: SKU 9MVC-R](#)

Convert any 9mm SureStrike™ Laser to activate with vibration instead of the firing pin.

AR15

SAFE AND REALISTIC, RECOIL ENABLED TRAINING WITH AR15 / M4 PLATFORM AT THE CONVENIENCE OF YOUR OWN HOME

SCAN ME

ANYTIME ANYWHERE

The Recoil Enabled Training AR15 Rifles have the look, feel and weight of a real AR15, including realistic recoil. Steel bolt carrier and legitimate buffer spring allows for reliable feedback, in a MilSpec adjustable stock. Training rifle is designed to be modified or adjusted per the operators needs. OEM accessories may be applied or removed as needed.

Operated by Green Gas (not included) with the Laser Ammo FLASH adapter and your choice of an infrared (invisible) or red (visible) SureStrike™ laser cartridge.

FLASH BOLT

**NEW
FOR
2023**

**FROM MARKSMANSHIP TO TACTICAL
TRAINING WITH YOUR OWN PERSONAL AR!**

FLASHBOLT

Unlimited training possibilities for 9mm, 223/5.56, 308, 7.62 caliber AR platform rifles, with different laser modes from Boresight to Dry Fire.

The Laser Ammo Flash Bolt is a drop in bolt for your personal AR that allows you to safely shoot a Red or Infrared laser for dry-fire training. This fully adjustable laser allows you to increase proficiency with your draw, sight acquisition, trigger control, transitions, as well as accuracy.

The Flash Bolt is meant to build "muscle memory" and will permit the appropriate techniques to be ingrained into your subconscious. This will allow for your actions to be duplicated automatically when you return to the range or if you are ever thrust into a shooting incident. Move between the different laser modes for aligning your sights, dry fire with up to 6 shots a second for your PCC competition rifle, longer pulse for long distance shooting and more.

Easy to use Windage and Elevation alignment for the most accurate training at any distance.

- Fits in most AR's chambered in .223, 5.56, .308, 7.62x39 and 9mm.
- Easy and quick to install with no need to replace your trigger, sights, or optics
- Includes different modes for optimal training: dry fire, shot tracking, boresight, and more
- Works with all Laser Ammo targets and Smokeless Range® simulator
- Up to 6 shots a second – ideal for competition shooters
- Class 1 eye safe lasers
- Available in both Red and Infrared lasers
- Long lasting battery life (approximately 50,000 shots)

ADVANCED TRAINING LASER PISTOL

SCAN ME

BUILD THE MUSCLE MEMORY FOR CORRECT GUN HANDLING
WITH THE BEST-IN-CLASS TRAINING LASER PISTOL

The SF30 is designed after a full size Glock 17 Gen 5. The SF25 is designed after a full-size Smith & Wesson M&P.

SKU: SF25-MAG

Available two replacement magazines for the SF25 and SF30. With weight / cost differences due to heavier tungsten weights.

This is a must have for any shooter that is looking to train on magazine changes and faster reloads.

BASIC CONFIGURATIONS **FOR USE WITH SMOKELESS RANGE**

The basic model designed for accuracy and durability to work with the Smokeless Range® simulator. It includes:

- Interchangeable weighted magazine
- Adjustable night sights
- The original SureStrike Laser cartridge connected directly for the main battery of the gun for long lasting training.
- Will activate all Laser Ammo electronic targets and Smokeless Range® Simulators.
- Plastic pistol carry case

PROFESSIONAL CONFIGURATION **FOR THE FIREARMS TRAINER**

New for 2023, our next generation pistol - Gen X, uses the new and advanced electronics which allows for many advanced features like the shot counter, and multiple modes. Add the tungsten weight and the longer battery life, this gun feels like the real deal. By far the best and most advance training pistol in the market today.

The advance pistol comes with all the basic features plus:

- **Accidental discharge sensor** designed to teach proper firearms handling skills. The training gun detects an intrusion into the trigger guard setting off an alarm, warning the shooter about a potential discharge for training purposes. The device distinguishes between deliberate actions and unintentional incursions into the trigger guard.
- **Shot counter:** shooter can configure the number of shots he would like to have before the gun locks down and shooter need to change magazines to continue shooting.
- **Shot sound:** with every shot the gun will emit a shot sound.
- **Multiple Pulse modes:** choose between a variety of pulse length including short (form marksmanship and competitions), long pulse (for correcting your flinching, and breath control) and boresight.
- Two LED notification lights
- Optional Orange or Black color.

TRAIN WITH YOUR OWN FIREARM

WITH SURESTRIKE™ KITS

The SureStrike™ Laser Training Kits allow any level shooter to practice safe marksmanship and gun handling drills with up to 4 different calibers in their very own firearms.

All of the SureStrike™ Kits come standard with a convenient protective carrying case, red (visible) or infrared (invisible) laser cartridge, the patented UhrSecure™ safety pipe, safety extension, high visibility safety nut, caliber adapters, battery pack, and six reflective targets (with red laser only).

This makes it easy and convenient for any shooter to keep the equipment safe and secure while tossing it in your range bag or simply putting it in your pocket.

The SureStrike™ Lasers are the most accurate and robust laser training aides available on the market. The laser cartridge is built with a stainless-steel body, high quality glass lens, and action cap that controls the function of the laser. The action cap acts as a snap cap protecting your firing pin, and carries a 5,000 shot warranty (or one year) guaranteed! This makes the SureStrike™ Kit the most versatile and safest training tool on the market.

SCAN ME

The SureStrike™ Laser Cartridges can also be used with the Laser Ammo Caliber Adapter System to fit a variety of calibers for semi-automatic pistols, revolvers, shotguns and rifles.

The unique Caliber Adapter System allows the 9mm SureStrike™ Laser Cartridge to be used in multiple calibers, eliminating the need to buy a separate cartridge for each caliber.

No tools are required for installation. Simply thread the adapter into the 9mm SureStrike™ Laser assembly and you are ready to go.

All semi-automatic adapter rings are used with the 9mm Action Cap and the UhrSecure Safety System (safety pipe, extension and nut.) The patented UhrSecure safety system is used for visual indication that the gun is safe and aligns the laser with the barrel, making it the safest and most accurate laser in existence.

**All semi-automatic pistol adapter rings require the use of a safety pipe and nut.*

INTERCHANGABLE CAPS

“REFILL” YOUR CARTRIDGE & CHOOSE DRYFIRE OR BORESIGHT

A unique ability of the SureStrike™ training system is to be able to change the functionality and behavior of the laser cartridge according to your training needs. By using interchangeable Action Caps, each having a different program, the user can decide if they want to dry fire, enable bore-sight mode or both.

This feature makes SureStrike™ the most versatile dry fire training system available today. The SureStrike™ Action Caps have a microprocessor controlled primer which activates the SureStrike™ and also performs as a snap cap, keeping the firing mechanism safe from damage while dry firing.

The SureStrike™ Vibration Cap is not activated by the firing pin therefore it doesn't have the primer. Instead, it is specifically programmed and built for airsoft use with one of our airsoft adapters.

We guarantee all of our Action Caps for at least 5,000 shots, although many shooters have reported thousands of extra shots from their SureStrike™ units. By simply replacing the Action Caps, the shooter can refill the SureStrike™ as many times as needed.

ACTION BACK CAPS

Dry Fire 9mm Action Cap

SKU: 9MTA

The Dry Fire 9mm Action Cap is a cost effective refill for your SureStrike™ Laser Cartridge. Programmed to emit a short pulse with every shot that will activate all Laser Ammo electronic targets and simulators.

- 9mm Dry Fire Action Cap

Digital Boresight Action Cap

SKU: 9MDB | 223DB

The Digital Boresight Action Cap, converts the SureStrike™ into a digitally controlled user-friendly bore sighting tool. The only cap that is activated on/off by pulling the trigger.

- 9mm Boresight Cap

REAL GUN SHOT SOUND ON DEMAND FOR THE ULTIMATE REALISTIC TRAINING

The Gunshot Box introduces extreme realism in your department training, creating the atmosphere and adrenaline often found in a combat situation. Electronically reproduce the sound of gunshots on demand, with real explosions and safe levels of sound percussion. Use wirelessly with the Smokeless Range® or with Laser Ammo new CQB in a Box.

SCAN ME

A WEARABLE SENSOR SYSTEM, TO BE USED ON THE OPERATOR'S EXISTING CLOTHING, LOAD BEARING VESTS, HATS, AND GEAR, FOR DEADLY FORCE ON FORCE SHOOTING AND DECISION-MAKING SIMULATION.

The Shot Body System allows professionals to problem-solve and fight as individuals or team members against live adversaries in realistic and dynamic encounters. It provides opportunity for the users to practice advanced gun handling skills, communication and tactical movement under stress and increases their chances of survival in a deadly encounter.

Perfect for anyone who expects realistic training in their own environments.

Each sensor includes 3 different settings, simulating the severity of the injuries on different body locations.

- Immediate lethal hit
- 3 hits before lethal (Officer/ Soldier to fight through injury)
- User requires immediate medical attention (Starts a progression timer leading to fatality). Gives role players 120 seconds to apply Tactical First Aid

Each sensor includes up to 5 different colors, allowing for multiple shooter identifications.

Additional Features:

- Pair perfectly with Laser Ammo's recoil enabled firearms
- For indoor or outdoor use
- Easy to use and is ready in seconds
- Uses standards CR2032 Batteries (included)
- Perfect for team/group use
- Comes in carrying case for easy use and storage

SCAN ME

TACTICAL ROOM CLEARING AND ACTIVE SHOOTER SIMULATED TRAINING WITHOUT THE USE OF A COMPUTER, ANYTIME ANYWHERE!

A set of portable life-sized reactive targets, for close quarter battle and active shooter training. Designed for tactical entry and dynamic room clearing as well as active shooter simulation training with shoot/no-shoot scenarios and timing.

CQB Features:

- 3 life-sized customizable targets
- 3 reactive hit zones on each target, focusing on head, torso and/or pelvic girdle shots
- User can decide on target height and angle
- Portable and easy set up anywhere in minutes
- Wireless controller with 6 different modes
- Shot timer that records split and total time for each target
- Replaceable hit zone card, allows for larger or smaller reactive areas to focus on shot placement
- Uses standard AAA batteries (included)
- No computer necessary
- Great for individual or team training
- Highly portable - comes with a custom carrying case
- Works with all Laser Ammo training lasers

MILITARY

LASER AMMO IS THE NATION'S PREMIER, EXPEDITIONARY AND GLOBALLY INTEGRATED VIRTUAL AND HANDS-ON TRAINER READY TO MEET THE EVER-CHANGING CHALLENGES OF TODAY AND TOMORROW

Laser Ammo provides a better Commander assessment through a simulations-based interactive repeatable demonstration of the Soldiers' performance that augments live environment training in a virtual environment allowing for advanced tactical engagement scenarios, grouping practice, CBRN, night fire, and gate to live fire exercise which assesses overall proficiency of Soldiers and effectiveness of their past UTPs.

INDIVIDUAL MILITARY MOBILE TRAINING TARGETS

Laser Ammo reactive targets allow soldiers to conduct hands-on training that assist to evaluate the soldier's ability to execute critical task using weapon and equipment, during day and night conditions, and when operating in a CBRN environment.

The targets allow organizations to have a completely mobile training system in a matter of seconds. Organization primarily utilized this training aid to reinforce weapon manipulation and proficiency of drills. The system also allows users to build dynamic courses of fire inside of their training facilities. Due to the design, trainers can utilize these training aids for mobility drills working on strength and conditioning, elevated heart rate shoots, and cognitive processing skills for target identification.

LIST OF PROFICIENCY DRILLS

- Weapons check
- Sling / unsling
- Load
- Carry (Hang, Safe Hang, Collapse Low Ready, Low Ready, High Ready, Ready Front)
- Firing positions (Prone, Prone Supported, Kneeling Supported, Standing Supported, etc)
- Fight up / Fight down
- Go to prone & Reload (Planned and Unplanned)
- Clear malfunctions (Immediate and Remedial Action)
- Unload and show clear

PRELIMINARY LIVE-FIRE SIMULATIONS

The Lane Trainer Pro, designed to raise proficiency in weapon manipulation and the fundamentals of Marksmanship to include the shot process. Organizations can create their own proficiency exams and branches individual weapon qualification.

BENEFITS OF THE LANE TRAINER PRO SIMULATOR

- Allows instructors to run Soldiers through tables 1,2, & 3, streamlining the qualification process from a 4 Day model to a 3 Day model.
- Allows instructors to hone-in and build basic marksmanship skill sets in different areas. (Examples: tracking, transitioning, target identification, and speed in manipulation drills);
- The expansion to the Marksmanship Facility of the 7th Transportation Brigade (Expeditionary) allows for entire platoon size elements to run through the qualification at one time;
- Provides the ability to run dynamic courses of fire working on movement drills as well as training for conducting urban rifle marksmanship by having a shoot house on rails;
- The software comes with extensive support training programs, raising the interest of Service Members in marksmanship to raise proficiencies with employing their individual weapon systems. These programs are not limited to, but contain practical shooting association matches, shoot houses on rails, shoot and no shoot scenarios, ability to create your own targets and backdrops providing a more realistic feel of engagement sequences;
- The system provides the capability to utilize full size barricades for a more realistic simulation environment to mimic live fire training
- Easy-to-use layout and menu screen for users.
- Easy to create, design and edit by user level, any training courses mimicking live fire course of fire.
- Split the screen for up to 5 lanes at the same time.
- Ballistics and targets are scaled correctly for distance.
- Ability to play media files such as videos or slides prior to running a course to visualize learning objectives and concepts.
- After-action review screen allows debriefing trainees after each stage in a course of fire.
- Available networking for one control station for up to 7 different screens (up to 35 soldiers in one drill).
- Easy to operate with no need for special operator and customizable courses of fire.
- Score cards can simulate and replicate real qualification cards or can be created to record split times, draw times, transition times, and hit factor scoring to create an aggregate score for balancing, speed, and accuracy.

FIREARM TRAINERS

NRA / USCCA / Armed Women of America Instructor Program
